EQUITY: HEALTH CARE & PHARMACEUTICALS

2Q26 pharmaceutical sales tracker

Domestic firms did better than MNCs; most numbers match companies' interim reports with few exceptions

On 7 September, data provider Pharmcube released 2Q26 drug sales data gathered from sampled hospitals in China. We use this data to get a better picture of major companies' 1H26 results.

Overall China pharmaceutical market sales declined 3.9% y-y/2.9% q-q to CNY251bn in 2Q26, which we think was due to an unfavorable operational environment, alongside seasonality, and further prescription drug outflow to retail pharmacies.

We observe that domestic pharma companies performed better than MNC peers. For example, Hengrui (600276 CH/1276 HK, Buy)/Hansoh (3692 HK, Neutral)/CSPC Pharma (1093 HK, Buy) delivered modest sales growth of 2.8%/5.1%/4.2% y-y to CNY6.1bn/2.2bn/4.3bn, while other top-ranked MNCs such as AstraZeneca (AZN LN, Not rated)/Roche (ROG SW, Not rated)/Pfizer (PFE US, Not rated) sales went down 9.2%/7.3%/9.7% y-y to CNY6.8bn/3.8bn/3.5bn in 2Q26.

Novartis (NOWN SW, Not rated) recorded 13.1% y-y sales growth to CNY5.5bn, partially driven by strong growth of Leqvio (718% y-y to CNY324mn), while Qilu Pharma (unlisted)/Sino Biopharmaceutical (SBP; 1177 HK, Buy) encountered declined sales of 1.5%/11.5% y-y to CNY4.7bn/4.8bn.

A majority of biotech companies continued to ramp up sales in this quarter: the drug sales of Innovent (1801 HK, Buy), Akeso (9926 HK, Buy) and Remegen (688331 CH/9995 HK, Neutral) increased 20.5%/172%/32.1% y-y to CNY2.5bn/CNY513mn/CNY478mn. BeOne's sales fell 4.5% y-y to CNY1.3bn in 2Q26.

Novo Nordisk (NOVOB DC, Not rated)/Eli Lilly (LLY US, Not rated) sales grew 7.2%/13.6% y-y to CNY4.2bn/1.2bn in 2Q26. Notably, Novo's semaglutide (司美格鲁肽) sales edged up 0.7% y-y to CNY1.2bn while Eli Lilly's tirzepatide (替尔泊肽) sales recorded accelerated growth to CNY290mn (vs CNY6mn/91mn in 4Q25/1Q26) in 2Q26. According to our channel check, sales of the latter were stronger in retail channels.

Hengrui: Pharmcube data contradicts what the company has reported; see our report: *Quick Note - Hengrui (1276 HK) (Buy) - 2Q26 quick take: a quite bitter quarter*. Increases in sales of henagliflozin (恒格列净), rezvilutamide (瑞维鲁胺), and recaticimab (瑞卡西单抗) offset the declined sales of camrelizumab (卡瑞利珠)/pyrotinib (吡咯替尼)/mecapegfilgrastim (硫培非格司亭)/nab-paclitaxel (白紫)/loversol (碘伏醇) that fell 10%/16%/24%/68%/12% y-y to CNY315mn/186mn/281mn/43mn/738mn. The company's herombopeg olamine (海曲泊帕) recorded increased sales of 3% y-y to CNY397mn in 2Q26.

SBP: Pharmcube data is also inconsistent from what the company has reported; see our report: *Quick Note - Sinobiopharma (1177 HK) (Buy) - 1H26 results quick take: a quite strong one*. Anlotinib (安罗替尼) 2Q26 sales declined 7% y-y to CNY668mn, while that of magnesium isoglycyrrhizinate (天晴甘美) fell 18% y-y to CNY511mn. Flurbiprofen cataplasms (氟比洛芬) sales rose 16% y-y to CNY158mn in 2Q26. We think the discrepancy lies in: (1) retail pharmacies sales not captured; and (2) the timing difference between sales to distributors and sales realized in hospitals, i.e., rising accounts receivables.

CSPC: In 2Q26, NBP (恩必普) sales resumed growth, up 9% y-y (vs -7% y-y in 1Q26) to CNY1.9bn and Mingfule (铭复乐) sales jumped 33% y-y to CNY574mn. Oncology drugs sales were downbeat in 2Q26, with Duomeisu (多美素) sales slumping 90% y-y to CNY7mn and Jinyouli (津优力) sales declining 14% y-y to CNY276mn.

Research Analysts

China Health Care & Pharmaceuticals

Jialin Zhang, CFA, CPA - NIHK

jialin.zhang@nomura.com

+852 2252 6134

Hansoh: 2Q26 oncology drugs—almonertinib (阿美替尼)/flumatinib (氟马替尼) sales rose 10% y-y/39% y-y to CNY797mn/CNY268mn. Anti-infective drug tenofovir amibufenamide (艾米替诺福韦) booked 15% y-y sales growth in 2Q26 to CNY383mn.

BeOne: In 2Q26, sales of (1) tislelizumab (替雷利珠单抗) retreated 8% y-y to CNY964mn; (2) zanubrutinib (泽布替尼) edged up 4% y-y to CNY313mn; and (3) denosumab (地舒单抗) grew 28% y-y to CNY995mn.

Innovent: In 2Q26, sintilimab (信迪利单抗) sales declined 7% y-y to CNY941mn, while tafonecimab (托莱西单抗)/teprotumumab (替妥尤单抗N01) sales jumped to CNY365mn/181mn (+388% y-y/vs CNY9mn in 2Q25). For biosimilars, bevacizumab (贝伐珠单抗) sales increased 13% y-y to CNY772mn, while rituximab (利妥昔单抗) sales retreated 25% y-y to CNY196mn.

Akeso: candonilimab(卡度尼利单抗)/lvonescimab (依沃西单抗) recorded sales ramp-up to CNY274mn/234mn (+152%/193% y-y) in 2Q26. We think the discrepancy(see our report: *Quick Note - Akeso (9926 HK) (Buy) - 1H26 commercial ramp-up slower than expectations*) as these drugs were previously sold in retail pharmacies before the NRDL inclusion.

Remegen: telitacicept (泰它西普) 2Q26 sales jumped 51% y-y to CNY265mn and disitamab vedotin (维迪西妥) sales increased 14% y-y to CNY213mn in 2Q26.

Kelun Biotech (6990 HK, Neutral): sacituzumab tirumotecan (芦康沙妥珠) sales recorded CNY135mn in 2Q26 (vs. CNY12mn in 2Q25).

Analyst Certification

I, Jialin Zhang, hereby certify (1) that the views expressed in this Research report accurately reflect my personal views about any or all of the subject securities or issuers referred to in this Research report, (2) no part of my compensation was, is or will be directly or indirectly related to the specific recommendations or views expressed in this Research report and (3) no part of my compensation is tied to any specific investment banking transactions performed by Nomura Securities International, Inc., Nomura International plc or any other Nomura Group company.

Important Disclosures

Online availability of research and conflict-of-interest disclosures

Nomura Group research is available on www.nomuranow.com/research, Bloomberg, Capital IQ, Factset, LSEG.
Important disclosures may be read at <http://go.nomuranow.com/research/m/Disclosures> or requested from Nomura Securities International, Inc.
If you have any difficulties with the website, please email grpsupport@nomura.com for help.

The analysts responsible for preparing this report have received compensation based upon various factors including the firm's total revenues, a portion of which is generated by Investment Banking activities. Unless otherwise noted, the non-US analysts listed at the front of this report are not registered/qualified as research analysts under FINRA rules, may not be associated persons of NSI, and may not be subject to FINRA Rule 2241 restrictions on communications with covered companies, public appearances, and trading securities held by a research analyst account.

Nomura Global Financial Products Inc. (NGFP) Nomura Derivative Products Inc. (NDP) and Nomura International plc. (NIplc) are registered with the Commodities Futures Trading Commission and the National Futures Association (NFA) as swap dealers. NGFP, NDPI, and NIplc are generally engaged in the trading of swaps and other derivative products, any of which may be the subject of this report.

Distribution of ratings (Nomura Group)

The distribution of all ratings published by Nomura Group Global Equity Research is as follows:

58% have been assigned a Buy rating which, for purposes of mandatory disclosures, are classified as a Buy rating; 33% of companies with this rating are investment banking clients of the Nomura Group*. 0% of companies (which are admitted to trading on a regulated market in the EEA) with this rating were supplied material services** by the Nomura Group.

39% have been assigned a Neutral rating which, for purposes of mandatory disclosures, is classified as a Hold rating; 57% of companies with this rating are investment banking clients of the Nomura Group*. 0% of companies (which are admitted to trading on a regulated market in the EEA) with this rating were supplied material services by the Nomura Group

3% have been assigned a Reduce rating which, for purposes of mandatory disclosures, are classified as a Sell rating; 15% of companies with this rating are investment banking clients of the Nomura Group*. 0% of companies (which are admitted to trading on a regulated market in the EEA) with this rating were supplied material services by the Nomura Group.

As at 30 June 2026.

*The Nomura Group as defined in the Disclaimer section at the end of this report.

** As defined by the EU Market Abuse Regulation

Definition of Nomura Group's equity research rating system and sectors

The rating system is a relative system, indicating expected performance against a specific benchmark identified for each individual stock, subject to limited management discretion. An analyst's target price is an assessment of the current intrinsic fair value of the stock based on an appropriate valuation methodology determined by the analyst. Valuation methodologies include, but are not limited to, discounted cash flow analysis, expected return on equity and multiple analysis. Analysts may also indicate expected absolute upside/downside relative to the stated target price, defined as (target price - current price)/current price.

STOCKS

A rating of '**Buy**', indicates that the analyst expects the stock to outperform the Benchmark over the next 12 months. A rating of '**Neutral**', indicates that the analyst expects the stock to perform in line with the Benchmark over the next 12 months. A rating of '**Reduce**', indicates that the analyst expects the stock to underperform the Benchmark over the next 12 months. A rating of '**Suspended**', indicates that the rating, target price and estimates have been suspended temporarily to comply with applicable regulations and/or firm policies. Securities and/or companies that are labelled as '**Not rated**' or shown as '**No rating**' are not in regular research coverage. Investors should not expect continuing or additional information from Nomura relating to such securities and/or companies. Benchmarks are as follows: **United States/Europe/Asia ex-Japan**: please see valuation methodologies for explanations of relevant benchmarks for stocks, which can be accessed at: <http://go.nomuranow.com/research/m/Disclosures>; **Global Emerging Markets (ex-Asia)**: MSCI Emerging Markets ex-Asia, unless otherwise stated in the valuation methodology; **Japan**: Russell/Nomura Large Cap.

SECTORS

A **'Bullish'** stance, indicates that the analyst expects the sector to outperform the Benchmark during the next 12 months. A **'Neutral'** stance, indicates that the analyst expects the sector to perform in line with the Benchmark during the next 12 months. A **'Bearish'** stance, indicates that the analyst expects the sector to underperform the Benchmark during the next 12 months. Sectors that are labelled as **'Not rated'** or shown as **'N/A'** are not assigned ratings. Benchmarks are as follows: **United States:** S&P 500; **Europe:** Dow Jones STOXX 600; **Global Emerging Markets (ex-Asia):** MSCI Emerging Markets ex-Asia. **Japan/Asia ex-Japan:** Sector ratings are not assigned.

Target Price

A Target Price, if discussed, indicates the analyst's forecast for the share price with a 12-month time horizon, reflecting in part the analyst's estimates for the company's earnings. The achievement of any target price may be impeded by general market and macroeconomic trends, and by other risks related to the company or the market, and may not occur if the company's earnings differ from estimates.

Without prior written permission of MSCI, this information and any other MSCI intellectual property may not be duplicated, reproduced, re-disseminated, redistributed or used, in whole or in part, for any purpose whatsoever, including creating any financial products and any indices. This information is provided on an "as is" basis. The user assumes the entire risk of any use made of this information. MSCI, its affiliates and any third party involved in, or related to, computing or compiling the information hereby expressly disclaim all representations, warranties or undertakings of originality, fairness, accuracy, completeness, correctness, merchantability or fitness for a particular purpose with respect to any of this material or the information contained in this material or otherwise arising in connection therewith. Without limiting any of the foregoing, in no event shall MSCI, any of its affiliates or any third party involved in, or related to, computing or compiling the information have any liability (in negligence or otherwise, and in whole or in part) for any damages of any kind. MSCI and the MSCI indexes are services marks of MSCI and its affiliates.

The intellectual property rights and any other rights, in Russell/Nomura Japan Equity Index belong to Nomura Fiduciary Research & Consulting Co., Ltd. ("NFRC") and FTSE Russell ("Russell"). NFRC and Russell do not guarantee fairness, accuracy, completeness, correctness, reliability, usefulness, marketability, merchantability or fitness of the Index, and do not account for business activities or services that any index user and/or its affiliates undertakes with the use of the Index.

Investors should consider this document as only a single factor in making their investment decision and, as such, the report should not be viewed as identifying or suggesting all risks, direct or indirect, that may be associated with any investment decision. Nomura Group produces a number of different types of research product including, among others, fundamental analysis and quantitative analysis; recommendations contained in one type of research product may differ from recommendations contained in other types of research product, whether as a result of differing time horizons, methodologies or otherwise. The Nomura Group publishes research product in a number of different ways including the posting of product on the Nomura Group portals and/or distribution directly to clients. Different groups of clients may receive different products and services from the research department depending on their individual requirements.

Figures presented herein may refer to past performance or simulations based on past performance which are not reliable indicators of future or likely performance. Where the information contains an expectation, projection or indication of future performance and business prospects, such forecasts may not be a reliable indicator of future or likely performance. Moreover, simulations are based on models and simplifying assumptions which may oversimplify and not reflect the future distribution of returns. Any figure, strategy or index created and published for illustrative purposes within this document is not intended for "use" as a "benchmark" as defined by the European Benchmark Regulation.

Certain securities are subject to fluctuations in exchange rates that could have an adverse effect on the value or price of, or income derived from, the investment.

With respect to Fixed Income Research: Recommendations fall into two categories: tactical, which typically last up to three months; or strategic, which typically last from 6-12 months. However, trade recommendations may be reviewed at any time as circumstances change. 'Stop loss' levels for trades are also provided; which, if hit, closes the trade recommendation automatically. Prices and yields shown in recommendations are taken at the time of submission for publication and are based on either indicative Bloomberg, LSEG or Nomura prices and yields at that time. The prices and yields shown are not necessarily those at which the trade recommendation can be implemented.

The securities described herein may not have been registered under the US Securities Act of 1933 (the '1933 Act'), and, in such case, may not be offered or sold in the US or to US persons unless they have been registered under the 1933 Act, or except in compliance with an exemption from the registration requirements of the 1933 Act. Unless governing law permits otherwise, any transaction should be executed via a Nomura entity in your home jurisdiction.

This document has been approved for distribution in the UK as investment research by Nlplc. Nlplc is authorised by the Prudential Regulation Authority and regulated by the Financial Conduct Authority and the Prudential Regulation Authority. Nlplc is a member of the London Stock Exchange. This document does not constitute a personal recommendation within the meaning of applicable regulations in the UK, or take into

account the particular investment objectives, financial situations, or needs of individual investors. This document is intended only for investors who are 'eligible counterparties' or 'professional clients' for the purposes of applicable regulations in the UK, and may not, therefore, be redistributed to persons who are 'retail clients' for such purposes.

This document has been approved for distribution in the European Economic Area as investment research by Nomura Financial Products Europe GmbH ("NFPE"). NFPE is a company organized as a limited liability company under German law registered in the Commercial Register of the Court of Frankfurt/Main under HRB 110223. NFPE is authorized and regulated by the German Federal Financial Supervisory Authority (BaFin).

This document has been approved by NHHK, which is regulated by the Hong Kong Securities and Futures Commission, for distribution in Hong Kong by NHHK. This document is intended only for investors who are 'professional investors' for the purposes of applicable regulations in Hong Kong and may not, therefore, be redistributed to persons who are not 'professional investors' for such purposes.

This document has been approved for distribution in Australia by NAL, which is authorized and regulated in Australia by the ASIC.

This document has also been approved for distribution in Malaysia by NSM.

In Singapore, this document has been distributed by NSL, an exempt financial adviser as defined under the Financial Advisers Act (Chapter 110), among other things, and regulated by the Monetary Authority of Singapore. NSL may distribute this document produced by its foreign affiliates pursuant to an arrangement under Regulation 32C of the Financial Advisers Regulations. This document is intended for accredited, expert or institutional investors as defined by the Securities and Futures Act (Chapter 289). Where the recipient of this document is not an accredited, expert or institutional investor, NSL accepts legal responsibility for the contents of this document in respect of such recipient only to the extent required by law. Recipients of this document in Singapore should contact NSL in respect of matters arising from, or in connection with, this document. THIS DOCUMENT IS INTENDED FOR GENERAL CIRCULATION. IT DOES NOT TAKE INTO ACCOUNT THE SPECIFIC INVESTMENT OBJECTIVES, FINANCIAL SITUATION OR PARTICULAR NEEDS OF ANY PARTICULAR PERSON. RECIPIENTS SHOULD TAKE INTO ACCOUNT THEIR SPECIFIC INVESTMENT OBJECTIVES, FINANCIAL SITUATION OR PARTICULAR NEEDS BEFORE MAKING A COMMITMENT TO PURCHASE ANY SECURITIES, INCLUDING SEEKING ADVICE FROM AN INDEPENDENT FINANCIAL ADVISER REGARDING THE SUITABILITY OF THE INVESTMENT, UNDER A SEPARATE ENGAGEMENT, AS THE RECIPIENT DEEMS FIT. Unless prohibited by the provisions of Regulation S of the 1933 Act, this material is distributed in the US, by NSI, a US-registered broker-dealer, which accepts responsibility for its contents in accordance with the provisions of Rule 15a-6, under the US Securities Exchange Act of 1934. The entity that prepared this document permits its separately operated affiliates within the Nomura Group to make copies of such documents available to their clients.

This document has not been approved for distribution to persons other than 'Authorised Persons', 'Exempt Persons' or 'Institutions' (as defined by the Capital Markets Authority) in the Kingdom of Saudi Arabia ('Saudi Arabia') or a 'Market Counterparty' or a 'Professional Client' (as defined by the Dubai Financial Services Authority) in the United Arab Emirates ('UAE') or a 'Market Counterparty' or a 'Business Customer' (as defined by the Qatar Financial Centre Regulatory Authority) in the State of Qatar ('Qatar') by Nomura Saudi Arabia, Nlplc or any other member of the Nomura Group, as the case may be. Neither this document nor any copy thereof may be taken or transmitted or distributed, directly or indirectly, by any person other than those authorised to do so into Saudi Arabia or in the UAE or in Qatar or to any person other than 'Authorised Persons', 'Exempt Persons' or 'Institutions' located in Saudi Arabia or a 'Market Counterparty' or a 'Professional Client' in the UAE or a 'Market Counterparty' or a 'Business Customer' in Qatar. Any failure to comply with these restrictions may constitute a violation of the laws of the UAE or Saudi Arabia or Qatar.
