

JPM Natural Gas and NGL Reservoir

Global Gas Turbine Orders Surge to a Quarterly Record in 2Q26

JPM View: In this week's Reservoir, we review 2Q26 global gas turbine order trends. In the latest Turbine Trends Tracker report (see [here](#)), JPM's European Capital Goods and Clean Energy teams highlighted ~38GW of global gas turbine orders in 2Q, which is the largest quarter on record and represents a 71% increase YoY vs. the ~22GW recorded in 2Q25 and is ~150% above 2Q24 levels. At the current run rate, the team views it likely that the industry will see order intake in the ~120GW range in FY26 (1H26 = 67GW, FY25 ~100GW). Sequentially, orders increased by ~29% (after declining by ~14% sequentially in 1Q vs. 4Q25 due to seasonality), with the U.S. remaining the dominant market with ~18GW of orders (+49% YoY). Notably, advanced-class turbines (H/J-class) units accounted for ~19.8GW of global orders in 2Q26, which is up 93% YoY. By OEM, ENR led the pack with 12.5GW of orders, followed by GEV (11.3GW), MHI (5.3GW), CAT's subsidiary Solar (2.8GW), and BKR (2.3GW). Please see Figure 1 through Figure 8 below for a summary of the latest global gas turbine order trends.

- **L48 gas production flat WoW.** L48 gas production was up 0.1% to 111.1 Bcf/d vs. 110.9 Bcf/d last week, as higher production from Other U.S. (+307 MMcf/d) and Appalachia (+117 MMcf/d) was largely offset by lower production from the Permian (-186 MMcf/d) and Oklahoma (-110 MMcf/d). On a monthly basis, L48 gas production has averaged 111.0 Bcf/d over August MTD, which is up 0.5% vs. the July average of 110.4 Bcf/d, as growth from Appalachia (+411 MMcf/d), Other U.S. (+160 MMcf/d), and the GoA (+151 MMcf/d) has offset declines from Oklahoma (-127 MMcf/d) and Louisiana (-93 MMcf/d).
- **Natural gas demand up 3% YoY.** U.S. natural gas consumption was up 3% on a YoY basis this past week, driven largely by higher power burn (+2.7 Bcf/d). On a WoW basis, total demand was up 5% to 91.8 Bcf/d (vs. last week at 87.4 Bcf/d), driven by higher power burn (+2.8 Bcf/d) and industrial demand (+1.0 Bcf/d).
- **LNG feedgas flows up WoW.** LNG feedgas flows averaged ~18.2 Bcf/d, which was up 2% vs. last week at ~17.7 Bcf/d, driven by higher flows from Corpus Christi (+256 MMcf/d) and Freeport (+204 MMcf/d). In terms of pricing, Asian LNG prices were flat at \$21.19 per Mcf, up 73% vs. 2025 levels, while European gas prices were up 9% to \$20.47 per Mcf, up 71% vs. 2025 levels.
- **Mexican exports flat WoW.** Weekly U.S. gas exports to Mexico remained flat on a WoW basis at 8.0 Bcf/d. Mexican exports have averaged 8.0 Bcf/d over August MTD vs. the July average of 7.7 Bcf/d.
- **Gas storage is 7% above the five-year average.** The EIA reported a 36 Bcf storage injection, which compares to last year's 49 Bcf injection and the five-year average injection of 33 Bcf. Gas storage stands at 3.15 Tcf, which is +7% (+198 Bcf) above the five-year average and -1% (-25 Bcf) vs. last year's levels.
- **Weekly gas rig count down WoW.** The weekly total U.S. gas rig count decreased by 3 WoW to 124 rigs. Among the gas-focused basins, the Appalachian rig count decreased by 1 to 31 rigs, while the Haynesville rig count increased by 2 to 52 rigs.

See page 38 for analyst certification and important disclosures.

- **Natural gas stocks up WoW.** Natural gas levered stocks were up 3.7% WoW, with GPOR (+7.3%), AR (+5.5%), and EQT (+4.8%) outperforming the peer average vs. the relative underperformance from EXE (+3.6%), RRC (+3.5%), CRK (+2.8%), NFG (+1.1%), and CNX (+0.7%). Over the past month, natural gas names are up 7.4% vs. the +8.5% move in the XOP Index.
- **Spot Henry Hub up WoW.** Henry Hub prices were up 8% WoW to \$2.77 per MMBtu. From a regional perspective, we note that AECO prices increased to \$1.07 per MMBtu from \$0.91 per MMBtu last week.
- **2026 Henry Hub futures up.** Henry Hub 2026 futures were up 3% WoW to \$3.02 per MMBtu. From a regional basis, 2026 futures for AECO showed the greatest move, with prices at \$1.36 per MMBtu (+9%). Looking out further ahead, Henry Hub 2027 futures were up 1% WoW to \$3.33 per MMBtu.
- **Propane storage stands 30% above the five-year average.** The EIA reported a 1,871 Mbbl storage injection, which compares to last year's 3,873 Mbbl injection and the five-year average injection of 1,683 Mbbl. Propane storage stands at 104,974 Mbbl, which is 30% (+24,445 Mbbl) above the five-year average and 18% (+16,362 Mbbl) above last year's levels.
- **Composite NGL prices up WoW.** Composite NGL prices were up 4% WoW to \$26.02 per bbl, driven by higher pricing across all commodities, led by natural gasoline and butane/isobutane (+6%). On a MoM basis, composite NGL prices are up 3%.

Analyst Certification: The Research Analyst(s) denoted by an “AC” on the cover of this report certifies (or, where multiple Research Analysts are primarily responsible for this report, the Research Analyst denoted by an “AC” on the cover or within the document individually certifies, with respect to each security or issuer that the Research Analyst covers in this research) that: (1) all of the views expressed in this report accurately reflect the Research Analyst’s personal views about any and all of the subject securities or issuers; and (2) no part of any of the Research Analyst’s compensation was, is, or will be directly or indirectly related to the specific recommendations or views expressed by the Research Analyst(s) in this report. For all Korea-based Research Analysts listed on the front cover, if applicable, they also certify, as per KOFIA requirements, that the Research Analyst’s analysis was made in good faith and that the views reflect the Research Analyst’s own opinion, without undue influence or intervention.

All authors named within this report are Research Analysts who produce independent research unless otherwise specified. In Europe, Sector Specialists (Sales and Trading) may be shown on this report as contacts but are not authors of the report or part of the Research Department.

Important Disclosures

Company-Specific Disclosures: J.P. Morgan does and seeks to do business with companies covered in its research reports. As a result, investors should be aware that the firm may have a conflict of interest that could affect the objectivity of this report. Investors should consider this report as only a single factor in making their investment decision. Important disclosures, including price charts and credit opinion history tables (if applicable), are available for compendium reports and all J.P. Morgan-covered companies, and certain non-covered companies, by visiting <https://www.jpmm.com/research/disclosures>, calling 1-800-477-0406, or e-mailing research.disclosure.inquiries@jpmorgan.com with your request.

Explanation of Equity Research Ratings, Designations and Analyst(s) Coverage Universe:

J.P. Morgan uses the following rating system: Overweight (over the duration of the price target indicated in this report, we expect this stock will outperform the average total return of the stocks in the Research Analyst’s, or the Research Analyst’s team’s, coverage universe); Neutral (over the duration of the price target indicated in this report, we expect this stock will perform in line with the average total return of the stocks in the Research Analyst’s, or the Research Analyst’s team’s, coverage universe); and Underweight (over the duration of the price target indicated in this report, we expect this stock will underperform the average total return of the stocks in the Research Analyst’s, or the Research Analyst’s team’s, coverage universe. NR is Not Rated. In this case, J.P. Morgan has removed the rating and, if applicable, the price target, for this stock because of either a lack of a sufficient fundamental basis or for legal, regulatory or policy reasons. The previous rating and, if applicable, the price target, no longer should be relied upon. An NR designation is not a recommendation or a rating. Some stocks under coverage have a rating but no price target; in these cases, we expect the stock will outperform/performance in line/underperform the average total return of the stocks in the Research Analyst’s, or the Research Analyst’s team’s, coverage universe of the relevant duration of the region. In our Asia (ex-Australia and ex-India) and U.K. small- and mid-cap Equity Research, each stock’s expected total return is compared to the expected total return of a benchmark country market index, not to those Research Analysts’ coverage universe. If it does not appear in the Important Disclosures section of this report, the certifying Research Analyst’s coverage universe can be found on J.P. Morgan’s Research website, <https://www.jpmorganmarkets.com>.

Coverage Universe: Jayaram, Arun : APA Corp (APA), Antero (AR), Baker Hughes (BKR), CNX Resources (CNX), CVR Energy (CVI), Cactus (WHD), California Resources (CRC), Canadian Natural Resources (CNQ.TO), Cenovus Energy (CVE.TO), Chevron Corp (CVX), ConocoPhillips (COP), Crescent Energy Co (CRGY), Delek Holdings (DK), Devon Energy (DVN), Diamondback Energy (FANG), EOG Resources (EOG), EQT Corp (EQT), Expand Energy (EXE), Exxon Mobil Corp (XOM), Flowco (FLOC), Gulfport Energy (GPOR), HF Sinclair (DINO), HMM (HMM), Halliburton Co. (HAL), Helmerich & Payne (HP), Imperial Oil (IMO.TO), Liberty Energy Inc (LBRT), Magnolia Oil & Gas (MGY), Marathon Petroleum (MPC), Matador Resources Company (MTDR), Murphy (MUR), NOV Inc (NOV), Nabors Industries (NBR), National Energy Services Reunited (NESR), National Fuel Gas (NFG), Noble Corp (NE), Occidental Petroleum (OXY), Ovintiv Inc (OVV), PBF Energy (PBF), Par Pacific (PARR), Patterson-UTI Energy (PTEN), Permian Resources Corp (PR), Phillips 66 (PSX), ProPetro Holding (PUMP), Range Resources (RRC), SLB (SLB), SM Energy (SM), Suncor Energy (SU.TO), Talos Energy (TALO), TechnipFMC PLC (FTI), Tenaris SA (TS), Transocean (RIG), Valaris (VAL), Valero Energy (VLO), Viper Energy (VNOM)

J.P. Morgan Equity Research Ratings Distribution, as of July 04, 2026

	Overweight (buy)	Neutral (hold)	Underweight (sell)
J.P. Morgan Global Equity Research Coverage*	53%	36%	12%
IB clients**	83%	80%	73%
JPMS Equity Research Coverage*	51%	37%	12%
IB clients**	95%	92%	87%

*Please note that the percentages may not add to 100% because of rounding.

**Percentage of subject companies within each of the "buy," "hold" and "sell" categories for which J.P. Morgan has provided investment banking services within the previous 12 months.

For purposes of FINRA ratings distribution rules only, our Overweight rating falls into a buy rating category; our Neutral rating falls into a hold rating category; and our Underweight rating falls into a sell rating category. Please note that stocks with an NR designation are not included in the table above. This information is current as of the end of the most recent calendar quarter.

Equity Valuation and Risks: For valuation methodology and risks associated with covered companies or price targets for covered companies, please see the most recent company-specific research report at <http://www.jpmorganmarkets.com>, contact the primary analyst or your J.P. Morgan representative, or email research.disclosure.inquiries@jpmorgan.com. For material information about the proprietary models used, please see the Summary of Financials in company-specific research reports and the Company Tearsheets, which are available to download on the company pages of our client website, <http://www.jpmorganmarkets.com>. This report also sets out within it the material underlying assumptions used.

History of Investment Recommendations:

A history of J.P. Morgan investment recommendations disseminated during the preceding 12 months can be accessed on the Research & Commentary page of <http://www.jpmorganmarkets.com> where you can also search by analyst name, sector or financial instrument.

Analysts' Compensation: The research analysts responsible for the preparation of this report receive compensation based upon various factors, including the quality and accuracy of research, client feedback, competitive factors, and overall firm revenues.

Other Disclosures

J.P. Morgan is a marketing name for investment banking businesses of JPMorgan Chase & Co. and its subsidiaries and affiliates worldwide.

UK MIFID FICC research unbundling exemption: UK clients should refer to [UK MIFID Research Unbundling exemption](#) for details of J.P. Morgan's implementation of the FICC research exemption and guidance on relevant FICC research categorisation.

All research material made available to clients are simultaneously available on our client website, J.P. Morgan Markets, unless specifically permitted by relevant laws. Not all research content is redistributed, e-mailed or made available to third-party aggregators. For all research material available on a particular stock, please contact your sales representative.

Any long form nomenclature for references to China; Hong Kong; Taiwan; and Macau within this research material are Mainland China; Hong Kong SAR (China); Taiwan (China); and Macau SAR (China).

J.P. Morgan Research may, from time to time, write on issuers or securities targeted by economic or financial sanctions imposed or administered by the governmental authorities of the U.S., EU, UK or other relevant jurisdictions (Sanctioned Securities). Nothing in this report is intended to be read or construed as encouraging, facilitating, promoting or otherwise approving investment or dealing in such Sanctioned Securities. Clients should be aware of their own legal and compliance obligations when making investment decisions.

Any digital or crypto assets discussed in this research report are subject to a rapidly changing regulatory landscape. For relevant regulatory advisories on crypto assets, including bitcoin and ether, please see <https://www.jpmorgan.com/disclosures/cryptoasset-disclosure>.

The author(s) of this research report may not be licensed to carry on regulated activities in your jurisdiction and, if not licensed, do not hold themselves out as being able to do so.

Exchange-Traded Funds (ETFs): J.P. Morgan Securities LLC ("JPMS") acts as authorized participant for substantially all U.S.-listed ETFs. To the extent that any ETFs are mentioned in this report, JPMS may earn commissions and transaction-based compensation in connection with the distribution of those ETF shares and may earn fees for performing other trade-related services, such as securities lending to short sellers of the ETF shares. JPMS may also perform services for the ETFs themselves, including acting as a broker or dealer to the ETFs. In addition, affiliates of JPMS may perform services for the ETFs, including trust, custodial, administration, lending, index calculation and/or maintenance and other services.

Options and Futures related research: If the information contained herein regards options- or futures-related research, such information is available only to persons who have received the proper options or futures risk disclosure documents. Please contact your J.P. Morgan Representative or visit <https://www.theocc.com/components/docs/riskstoc.pdf> for a copy of the Option Clearing Corporation's Characteristics and Risks of Standardized Options or https://www.finra.org/sites/default/files/2020-08/Security_Futures_Risk_Disclosure_Statement_2020.pdf for a copy of the Security Futures Risk Disclosure Statement.

Changes to Interbank Offered Rates (IBORs) and other benchmark rates: Certain interest rate benchmarks are, or may in the future become, subject to ongoing international, national and other regulatory guidance, reform and proposals for reform. For more information, please consult: https://www.jpmorgan.com/global/disclosures/interbank_offered_rates

Private Bank Clients: Where you are receiving research as a client of the private banking businesses offered by JPMorgan Chase & Co. and its subsidiaries ("J.P. Morgan Private Bank"), research is provided to you by J.P. Morgan Private Bank and not by any other division of J.P. Morgan, including, but not limited to, the J.P. Morgan Corporate and Investment Bank and its Global Research division.

Legal entity responsible for the production and distribution of research: The legal entity identified below the name of the Reg AC Research Analyst who authored this material is the legal entity responsible for the production of this research. Where multiple Reg AC Research Analysts authored this material with different legal entities identified below their names, these legal entities are jointly responsible for the production of this research. Where more than one legal entity is listed under an analyst's name, the first legal entity is responsible for the production unless stated otherwise. Research Analysts from various J.P. Morgan affiliates may have contributed to the production of this material but may not be

licensed to carry out regulated activities in your jurisdiction (and do not hold themselves out as being able to do so). Unless otherwise stated below in the legal entity disclosures, this material has been distributed by the legal entity responsible for production, or where more than one legal entity is listed under the analyst's name, the first legal entity will be responsible for distribution. If you have any queries, please contact the relevant Research Analyst in your jurisdiction or the entity in your jurisdiction that has distributed this research material.

Legal Entities Disclosures and Country-/Region-Specific Disclosures:

Argentina: JPMorgan Chase Bank N.A Sucursal Buenos Aires is regulated by Banco Central de la República Argentina ("BCRA"- Central Bank of Argentina) and Comisión Nacional de Valores ("CNV"- Argentinian Securities Commission - ALYC y AN Integral N°51).

This material must not be acted on or relied on by persons who are not UK relevant persons. Any investment or investment activity to which this material relates is only available to UK relevant persons and will be engaged in only with UK relevant persons.

A description of J.P. Morgan EMEA's policy for prevention and avoidance of conflicts of interest related to the production of Research can be found at the following link: [J.P. Morgan EMEA - Research Independence Policy](#).

U.S.: J.P. Morgan Securities LLC ("JPMS") is a member of the NYSE, FINRA, SIPC, and the NFA. JPMorgan Chase Bank, N.A. is a member of the FDIC. Material published by non-U.S. affiliates is distributed in the U.S. by JPMS who accepts responsibility for its content.

General: Additional information is available upon request. The information in this material has been obtained from sources believed to be reliable. While all reasonable care has been taken to ensure that the facts stated in this material are accurate and that the forecasts, opinions and expectations contained herein are fair and reasonable, JPMorgan Chase & Co. or its affiliates and/or subsidiaries (collectively J.P. Morgan) make no representations or warranties whatsoever to the completeness or accuracy of the material provided, except with respect to any disclosures relative to J.P. Morgan and the Research Analyst's involvement with the issuer that is the subject of the material. Accordingly, no reliance should be placed on the accuracy, fairness or completeness of the information contained in this material. There may be certain discrepancies with data and/or limited content in this material as a result of calculations, adjustments, translations to different languages, and/or local regulatory restrictions, as applicable. These discrepancies should not impact the overall investment analysis, views and/or recommendations of the subject company(ies) that may be discussed in the material. Artificial intelligence tools may have been used in the preparation of this material, including assisting in data analysis, pattern recognition, and content drafting for research material. J.P. Morgan accepts no liability whatsoever for any loss arising from any use of this material or its contents, and neither J.P. Morgan nor any of its respective directors, officers or employees, shall be in any way responsible for the contents hereof, apart from the liabilities and responsibilities that may be imposed on them by the relevant regulatory authority in the jurisdiction in question, or the regulatory regime thereunder. Opinions, forecasts or projections contained in this material represent J.P. Morgan's current opinions or judgment as of the date of the material only and are therefore subject to change without notice. Periodic updates may be provided on companies/industries based on company-specific developments or announcements, market conditions or any other publicly available information. There can be no assurance that future results or events will be consistent with any such opinions, forecasts or projections, which represent only one possible outcome. Furthermore, such opinions, forecasts or projections are subject to certain risks, uncertainties and assumptions that have not been verified, and future actual results or events could differ materially. The value of, or income from, any investments referred to in this material may fluctuate and/or be affected by changes in exchange rates. All pricing is indicative as of the close of market for the securities discussed, unless otherwise stated. Past performance is not indicative of future results. Accordingly, investors may receive back less than originally invested. This material is not intended as an offer or solicitation for the purchase or sale of any financial instrument. The opinions and recommendations herein do not take into account individual client circumstances, objectives, or needs and are not intended as recommendations of particular securities, financial instruments or strategies to particular clients. This material may include views on structured securities, options, futures and other derivatives. These are complex instruments, may involve a high degree of risk and may be appropriate investments only for sophisticated investors who are capable of understanding and assuming the risks involved. The recipients of this material must make their own independent decisions regarding any securities or financial instruments mentioned herein and should seek advice from such independent financial, legal, tax or other adviser as they deem necessary. J.P. Morgan may trade as a principal on the basis of the Research Analysts' views and research, and it may also engage in transactions for its own account or for its clients' accounts in a manner inconsistent with the views taken in this material, and J.P. Morgan is under no obligation to ensure that such other communication is brought to the attention of any recipient of this material. Others within J.P. Morgan, including Strategists, Sales staff and other Research Analysts, may take views that are inconsistent with those taken in this material. Employees of J.P. Morgan not involved in the preparation of this material may have investments in the securities (or derivatives of such securities) mentioned in this material and may trade them in ways different from those discussed in this material. This material is not an advertisement for or marketing of any issuer, its products or services, or its securities in any jurisdiction.

Confidentiality and Security Notice: This transmission may contain information that is privileged, confidential, legally privileged, and/or exempt from disclosure under applicable law.
